

Sensible Action For Ending Mercury-Induced  
Neurological Disorders

Dear Friends,

From July 20th through July 30th, 2010 the Coalition for SafeMinds (SafeMinds) will be holding an online charity auction, **Mercury Free Kids Have Safe Minds auction**. This online auction was a great success last year because of the help of supporters like you who generously donated to our auction. We must continue our fundraising efforts to achieve our vision of creating optimal health in pregnant women, infants and children through the elimination of exposure to dangerous, toxic mercury. **Can we count on you to donate a gift certificate or merchandise for this on-line auction?**

SafeMinds is a 501c3 non-profit organization founded to scientifically investigate, support research, raise awareness, change policy and focus national attention on the growing evidence of a link between mercury and neurological disorders such as autism, attention deficit disorder, language delay and learning difficulties. Please visit our website, [www.safeminds.org](http://www.safeminds.org), to read about our accomplishments and learn more about why our mission is so very important.

We would be honored to have your support —donations in any amount are welcome! As a donor, you are not only giving a tax-deductible contribution to an important cause, but your support is a cost-effective way of direct advertising to families who can use your products or services. As this is an online auction, open to anyone in the U.S., we will be doing a major promotional campaign to get the word out about the event. As a donor your company name and website will be listed on the Auction website during the auction. We had approximately 5,000 participants last year so your information will be viewed by a large audience.

We know that there are many good causes vying for your time and donations, but we urge you to consider our request. Please complete the enclosed form and return via email or fax. We will not give up on our efforts to make our children's world as safe as possible – but we can't make the impact we need to without your help. Please contact Elizabeth Kilpatrick at (404) 934-0777 or by email at [eksafeminds@gmail.com](mailto:eksafeminds@gmail.com) for more information or with any questions.

With gratitude,

A handwritten signature in black ink that reads "Heidi Roger". The signature is fluid and cursive.
